1020+ Watt	1330 kWh	(6) BP3165, SB1700	\$ 13800	\$ 8000	\$ 810	\$ 4990
1320+ Watt	1735 kWh	(8) BP3165, SB3800	\$ 17924	\$ 8000	\$ 1035	\$ 8619
1650 Watt	2170 kWh	(10) BP3165, SB1700	\$ 19304	\$ 8000	\$ 1305	\$ 9999
1980 Watt	2597 kWh	(12) BP3165, SB1700	\$ 21640	\$ 8000	\$ 1620	\$ 12020
3000 Watt	3964 kWh	(18) BP3165, SB2500	\$ 30385	\$ 8000	\$ 2340	\$ 20045

Installation

*Installation prices are for systems within 100Km of Geelong and subject to inspection of roof and electrical system for suitability. Roof angles above 30 degrees slope requires safety railing to adhere to Work and Safety practices and may require an extra cost to the installation cost.

#Price does not include a \$299.00, Power Corp project fee and installation of a Bi-Directional Power Meter by PowerCor. The meter is installed at a cost of \$170.20 when installing the solar grid connected power supply.

The new Solar Home and Community Program Rebate is means tested and is unavailable to households with a taxable income of \$100,000.00 or more. See SHCP guidelines for more information.
